# WHAT TO EXPECT

## School Routine & Surrounds

Your child's days will consist of supervised recess, lunch & regular toilet breaks. Rest & chill out areas are provided. We slowly transition to big school routines while becoming familiar with the school grounds, locations of toilets, play spaces etc. Your child will also partake in the vacation care activities scheduled for the day so we make sure they have lots of fun!

## Flexibility

Start with shorter sessions & fewer days if needed & build up ready for school. More time = more ready! Kindy educators will be on site from 9am-3pm, but our other educators are there from 7am-6pm if you need longer care for your child, no extra fees apply.

## Communication

Rest easy knowing that you can receive updates throughout the day.

## Classroom pickup service

If your child stays on for Before &/or After School Care into the school year, our educators collect & drop Kindy kids directly to & from their classroom.
